Subject:	CEO at major local employer Computershare awarded top-50 industry expert status

Skipton, Wednesday 5 April 2017 – The CEO of a major local employer has been named amongst the 50 most influential experts in his industry, Computershare has confirmed.

Andrew Jones, CEO of Computershare’s Loan Services division, was this week announced as a member of the 2017 Knowledge and Professional Services 50 Index by Credit Strategy magazine.

Jones said: “I’m proud to have been recognised as part of this Index, which includes some very influential colleagues from across the mortgage and credit industries.

“It’s really a reflection of the hard work, talents and successes of the Computershare Loan Services team across the UK and beyond, and I’m grateful for the terrific support I receive from the team around me.

“Despite the size of our growth and the extent of the new business we have generated, we’re hungry for more, and will continue to provide high-quality, rewarding jobs to the local community.”

Computershare Loan Services manages over £67 billion of assets: more than half of all outsourced mortgages in the UK.

During his tenure, Jones has led Computershare Loan Services to several important successes, including the division being appointed by the UK government to service the mortgages of UK Asset Resolution, which took over parts of Bradford & Bingley and Northern Rock at the height of the financial crisis.

Jones has spoken widely in local, national and industry press about his commitment to the economy of the north of England Powerhouse and his hopes to help develop the region’s financial clout.

Computershare Loan Services is a trading name for a group of companies comprising Computershare Mortgage Services Limited (company number: 02466320), Homeloan Management Limited (company number: 02214839), Topaz Finance Limited (company number: 05946900) and Baseline Capital Limited (company number: 04573392), each of which is registered in England and Wales and has its registered office at The Pavilions, Bridgwater Road, Bristol, Avon, BS13 8AE, UK. Each of Computershare Mortgage Services Limited, Homeloan Management Limited and Topaz Finance Limited is authorised and regulated by the Financial Conduct Authority, Registered Office: 25 The North Colonnade, Canary Wharf, London E14 5HS. NEWS RELEASE

Computershare Loan Services has also been selected by Sainsbury's Bank as its mortgage servicing partner for its re-entering of the mortgage market, as well as being chosen recently by Vida Homeloans, a new specialist lender, to service its mortgage assets in a seven-year deal.

Jones has also spoken out about the need for young people to be taught about money management.

Computershare Loan Services donated £20,000 to The Money Charity to fund money management workshops for young people across Yorkshire throughout 2016.

Around 2,500 young people were taught money management skills to support them in achieving financial stability later in life.

Jones' award came at the conclusion of Credit Week: an annual summit for the UK and European credit industry.

His membership of the Index also means he has been recognised as part of the Credit 500; a broader list of influencers within the consumer credit industry.

Last month Computershare Loan Services was awarded a RSS2+ Special Servicer Rating and a RPS1- Primary Servicing Rating for its management of a significant proportion of its portfolio by international ratings agency, Fitch, which cited its "strong capabilities" and "highly automated systems" that had been designed to "drive operational efficiency".
