Subject:	Children North East awards Computershare 'Gold Champion' status for huge fundraising efforts

Bristol, Monday 6 March 2017 – Computershare has been named a 'Gold Champion' member of Children North East's '125 Club' in recognition of fundraising undertaken by its Doxford site staff.

Employees, led by the site Community Team of Computershare's Loan Services division, have raised over £16,000 for the charity since April 2015 and as a result has given the UK's biggest and best-rated third-party mortgage servicer its top fundraising title.

The charity created its 125 Club to commemorate its 125th birthday last year, and the project allows local businesses and organisations "to receive recognition for their support and generosity."

Andrew Jones, Chief Executive Officer at Computershare Loan Services, said: "Our colleagues in Doxford Park are an extremely generous group of people who do a great deal for their community, so I'm delighted their efforts have been recognised by this fantastic charity.

"Computershare Loan Services is passionate about our communities and works with schools, charities and others in the North East and at our other sites across the country."

Carol Taylor, Senior Fundraiser at The Children North East, said: "This is our way of saying thank you for the team at Computershare Loan Services' continued support and the generosity they have shown Children North East.

"Their amazing fundraising total has enabled us to make a massive difference to families and children across our region."

In June last year, Computershare Loan Services won a major contract with the UK Government to administer mortgages on behalf of UK Asset Resolution (UKAR), and several hundred of its employees at Doxford Park transferred to Computershare.
