<b>Subject:</b>	<b>Computershare Retains Government Gilts Contract</b>

**Bristol February 14th 2014** Computershare (ASX: CPU) is pleased to announce that its appointment to administer the Government Stock Registers (Gilts) on behalf of Her Majesty's Treasury (HMT) has been renewed for 10 years, subject to contract.

This is the second time that Computershare has successfully been appointed to provide the service; after a public tender process conducted by HMT and the Debt Management Office, alongside independent consultants.

Naz Sarkar, CEO of Computershare UK said: "We are delighted to have again been awarded this contract to deliver mission critical services to HMT. This is testament to the hard work, expert knowledge and sheer dedication of the team – and helps to secure employment opportunities in south Bristol in the coming years."

Until 2004 when Computershare took over the running of the Gilts, the Bank of England had administered the registers for more than 300 years. Today, there is 1.3 trillion pounds worth of stock in issue, looked after by Computershare's dedicated Gilts team, up from 230 billion pounds in 2004.
