

Computershare's Sheila Frierson in Two Sessions at Global Equity Organization (GEO) National Equity Compensation Forum

Industry expert and **Computershare Vice President of Client Management, Sheila Frierson, CEP**, will be leading engaging and thought-provoking discussions during two sessions at the **2013 GEO National Equity Compensation Forum, October 23-25 in Rancho Palos Verdes, CA**. Sheila will draw on her more than 11 years of experience in servicing clients' stock options, restricted stock, performance awards, and ESPP programs.

In the session **Mastering RSU Releases for Your Mobile Employees**, panelists will explore the complexity behind offering restricted stock/RSUs to mobile employees – explaining best practices in preparing for an RSU release, including common tax and accounting issues, as well as considerations for administration and employee communication. In **Conversations Unplugged! - DWAC and DRS**, attendees will be able to participate in an open discussion with Sheila and their peers on DWAC and DRS, defining the two methods of moving shares and discussing the pros, cons and benefits of both.
