Subject:	Dressdown days for Derry Computershare staff fundraiser £3k for local charities

Derry, Tuesday 21 February 2016 – Representatives from leading local charities recently visited Computershare’s office in Derry to receive £3,000 in donations from its staff.

Employees of the company’s Loan Services business based in Derry raised the sum after paying a donation to take part in several ‘dressdown’ days over the last 12 months.

Foyle Search and Rescue, Foyle Hospice, Altnagelvin Baby Unit, The Rainbow Centre for Animals, Marie Curie Cancer Care, Alzheimer’s Society, NI Children’s Hospice, Motor Neurone Disease (MND) Association, Macmillan Cancer and Action Mental Health each received a cheque for £300 as a result of the staff’s fundraising efforts.

Andrew Jones, Chief Executive Officer at Computershare Loan Services, said: “Our colleagues in Derry undertake a great deal of activity to support good causes, and Computershare Loan Services is very proud of the role we play in the local community.

“These ten charities all play vital roles in the lives of so many people who need support, and I’m delighted we can support them with these donations.”

Stephen Thompson, Chairman of the Northern Ireland Branch of the MND Association, said: “Motor Neurone Disease is a progressive disease of the nervous system, there is no known cause and there is no cure.

“The Northern Ireland Branch of the Motor Neurone Disease Association relies on the generosity of the people of Northern Ireland to fund this service and is very grateful for the generous support of Computershare.”

Computershare Loan Services is the UK’s largest third-party mortgage servicer, managing £67 billion of assets – more than half of all outsourced mortgages in the UK.

As well as the UK and Ireland, Computershare Loan Services also services mortgages in the USA and manages more than a million residential mortgage accounts globally.
